Rule # 23C

Change:

Reinstate Rule 23C and add: "Or making a disc flip over or causing another disc to flip over".
PENALTY SHOULD BE 20 OFF not only 10 off.

Rationale:

Although just about every club has rules concerning hard shooting or a sign that says "NO HARD SHOOTING", many players ignore the rules because there is currently no practical objective way to enforce the rule. The only way to make players moderate the speed of a disc when "Clearing" is to make the risk, of the disc leaving the court or flipping over, not worth taking. (Hence 20 OFF penalty.)

Shuffleboard is supposed to be a game of skill, not brute force. Its not rocket science, its shuffleboard. Hard shooting can cause injury to other players too and we ought to take a stand against the practice.

BY-LAWS.....SECTION 2 ... ARTICLE VII - DUTIES OF OFFICERS (c) As promptly as possible following the election, the President shall appoint all standing committees, and become an official member of each.

Change:

To be added:
with the exception of the nominating committee, which will be elected by the voting body of the FSA The President shall not be a member of the nominating committee.

Rationale:

Roberts Rules reads as follows: " On designation of Nominating Committee"
The nominating committee should be elected by the organization wherever possible, or else by it's Executive Board. Although in organizing a new society it may be feasible for the chair to appoint the nominating committee, in an organized society the President should not appoint this committee, or be a member of it - ex officio or otherwise. The Bylaws may provide that " the President shall appoint all committees except the Nominating Committee" "The President shall be ex officio except the Nominating Committee", the exception should not be omitted in either case.
Under the present rule the President could hand pick the nominating committee with members that are only interested in gaining the favor of the President and not the betterment of the FSA. Since the President is a member of the committee, the President would have enormous control of this committee.
Years ago this was the case in my district, I would like to be assured it would not happen in the state or in any other district in years to come.
Roberts Rules is saying The President shall have nothing to do with the nominating committee.

SECTION 2
ARTICLE IV – ELECTION OF OFFICIALS

The election of Association officials shall take place at the time of and at the place of the Annual Meeting, as set forth in ARTICLE IX of the BY-LAWS.

Change:

Election to take place at the Spring (March) meeting. The slate provided by the nomination committee shall be presented at the Winter (January) meeting and shall be posted on the internet. Nominations from the floor shall be made at the Spring meeting at the time and place of the election.

Rationale:

Having the slate presented and voted on immediately does not allow any time for anyone to consider and evaluate candidates on the slate.

The slate should be made known to the complete voting body as well as to all FSA members.

Having the election at the Spring meeting which would be centrally (Sebring) located, would permit District Presidents and Delegates better accessibility to the election than when it is in the Northern or Southern ends of the State.

Holding the election in conjunction with the Hall of Fame banquet at the winter meeting, imposes an undue financial hardship on voting members who would not otherwise travel so far, purchase banquet tickets and or pay for lodgings.

ART. 2 (a) - ARRANGEMENTS FOR STATE TOURNAMENTS

(a) The Florida Singles Championship shall be held at the same time and place as the Annual Winter Meeting of the Association. The Host Club sponsoring the State Singles Tournament, Pro Division, shall receive gratis a page in the Preview to advertise the event. The Host Club shall arrange a Banquet the first night, starting at 6:30 P.M. for the incoming members of the State Hall of Fame. The F.S.A. will furnish banquet tickets for the incoming members of the F.S.A. Hall of Fame, Executive Board, the Treasurer, the Secretary, the Keeper of Records, the immediate Past President, and their spouses, and the immediate Past President and spouse. The Host Club will provide a place for the Business Meeting following the banquet. The Host Club shall arrange for one night's overnight accommodations for the President, the 1st, 2nd and 3rd Vice Presidents, the Keeper of Records, the assigned State Tournament Director, the Secretary, the Treasurer, and their spouses, for the State Pro Singles Tournament. The Host Club shall provide the F.S.A. a bill for these overnight accommodations. The Host Club will provide a place for the Business Meeting following the banquet. The Host Club shall arrange for one night's overnight accommodations for the President, the 1st, 2nd and 3rd Vice Presidents, the Keeper of Records, the assigned State Tournament Director, the Secretary, the Treasurer, and their spouses, for the State Pro Singles Tournament. The Host Club shall provide the F.S.A. a bill for these overnight accommodations.

Change:

The annual winter meeting of the Association will be held in a centrally located facility on a Saturday either one week before or one week after the state Sponsored Singles.

Remove: The Host Club will provide a place for the Business Meeting following the banquet.

Replace the words: spouse and spouses with guest and guests.

Rationale:

Rational

This is an occasion when inductees are being honored at our annual banquet. Mixing pleasure and business sometimes promotes undue stress on the evening. This should be strictly a festive evening.

Business meetings usually start between 8:30pm and 9:00pm. Members have shuffled all day and most are tired. Meetings last between 45 minutes to 1 hour. Meetings at Sebring last between 3-4 hours. Sebring meetings generate more interest and much business is accomplished.

Having the meeting centrally located in Sebring on a Saturday morning could be better attended and more accessible to the voting body than when the meeting is in the Northern or Southern end of Florida. This meeting imposes an undue financial hardship on voting members who would not otherwise travel so far, i.e. purchase of banquet tickets and or pay for lodgings. Let us enjoy the banquet and leave the business for Saturday.

As for the words spouse and spouses, some members have significant others the rule should reflect so.

ART. 13 — AMENDMENTS

(b) At the Annual meeting, any proposed playing rule amendment, regulation, or standing rule change shall be provided to each District President and Board member.

District Presidents shall widely disseminate these proposed changes within their respective districts and solicit comments concerning the proposed changes prior to the Spring meeting. Board members shall also solicit comments concerning the proposed changes. The F.S.A. Board shall take action on these proposed changes at the Spring meeting on even numbered years. This rule may be temporarily suspended at any Board meeting only by a two-thirds (2/3) majority vote of those members present and voting. All changes that are made shall become effective Oct. 1st of each year.

Change:

...Spring meeting every year

Rationale:

If there is a valid rule change the Board would want to act on it ASAP. Why wait an extra year ?
Another reason is, by doing this every year there would be less 10 Day Notices to deal with.
The Board has much to deal with throughout the year, however, members also use their time and thoughts hoping to make improvements to our current rules.

Assigned TD 31**Date Completed:** NOVEMBER 1 2015**District:** SOUTHERN**Date Submitted:** NOVEMBER 1 2015**Existing Rule:** ART. 4 - SCHEDULING OF TOURNAMENTS**Change:** to be added as (h)

Once a season any District, making available up to \$200.00 proposing a draw tournament without an entry fee, for the promotion of shuffleboard in their district, the FSA shall match these funds. All funds are to be used as prize money only.

Full disclosure of the tournament i.e. dates, place, promotions, payout, eligibility, must be presented by the District President, to the FSA President for approval not later than 45 days prior to the tournament. ANY PRO, STATE AM OR DISTRICT AM THAT HAS EVER PLACED IN A FSA TOURNAMENT WOULD NOT BE ELIGIBLE. All rules regarding boundaries and conflicting tournaments are waived. If there are less than 20 players, payout money shall be adjusted accordingly with any unused FSA money returned.

Rationale:

I doubt all districts would apply, however, if they did, the worst case scenario is, it would cost the FSA \$1400.00 per season and many players would be introduced to FSA tournaments.

Getting 20 players to attend a tournament under these ELIGIBILITY rules would not be easy. Workers would need to go the Parks, Newspapers, Radio, TV, Newscasters etc. Districts would require devoted people to ensure the success of such a tournament. A similar tournament in the Northern District, promoted by Allen Dronsfield received much participation with monies from the 100th Anniversary through Stan McCormack. Waiving the boundaries and conflicting tournament date rules would be in order as these players would not be participating in FSA tournaments.

\$1400.00 is a lot of money, however, because of split tournaments more players are playing shuffleboard bringing more revenue to the FSA. By combining District and FSA funds for the advancement of shuffleboard, we would be "GIVING BACK" to the game we all love and this could prove to be a good way to promote our sport in all districts and encourage new players to join the FSA. This proposal is on the floor for all the voting body to review. If you would like to modify any or all of it I would appreciate your input, with suggestions and corrections.

Existing Rule: C - PLAYING RULES

1a. When beginning a match, before the practice round begins for the first game; each player may shoot two (2) discs only to check the speed of the court. These two (2) speed shots must be taken before any court may be swept and/or beaded. After the first game of a match, if all competitors on a court agree, the court may be swept and/or beaded before the optional speed shots are taken for the second game. There shall be no setups of any kind when taking speed shots.

CHANGE: To be added

Any one player requesting to have the court swept and beaded or beads added prior to speed shots, may do so. Court shall be swept by players of that court and beading may be done by anyone, including players on that court.

RATIONALE:

Changing the speed of the court after using your two speed shots renders those shots worthless.

Tournament Directors would no longer have to waste time testing courts.

Sometimes there is a shortage of help, but if the players of a court must sweep the court themselves this could work well. Why should a player not have a freshly swept and beaded court as was had in previous games? There is no advantage to anyone by doing so. This would eliminate disagreements. There are many times when players do not agree to a request by a player to have the court swept and beaded, or only to add beads, just to be contrary, many have experienced a situation like this.

There is no rule about players not being permitted to bead their own court. I see no advantage being obtained by beading the court themselves.

SCHEDULE CHANGE:

PREVIEW Page 78 Centerfold Tournament Scheduling P-26 TOURNAMENT OF CHAMPIONS

CHANGE:

TOC to be placed between P-20B and P-21A

RATIONALE:

The TOC would be played around the third week of February

I don't know of any rule that the TOC must be the last tournament of the season.

Eligible players would be from the previous season as well as this season to date.

This should have many more players eligible to play.

Players in contention for the Masters, having sufficient points, could no longer ignore this tournament as before.

Changing the date of the TOC should help the Clearwater Club, and would benefit the West Coast District.

We should help bolster the problem of dwindling attendance of the TOC

No one likes to change the present format and traditions, but we do not have the number of players entering this tournament as we did years ago. Times have changed, as should we, to modify our rules to suit today's situation.

This proposal is on the floor for all the voting body to review. If you would like to modify any or all of it I would appreciate your input with suggestions and corrections

Existing Rule: **ART. 8 — PLAYER ELIGIBILITY, GENERAL**

(k) TOURNAMENT OF CHAMPIONS QUALIFICATIONS (For Pros Only): First place winners in the Main Event of Pro tournaments listed in the Centerspread are eligible to play in this tournament FOR LIFE. Second, Third, and Fourth place winners in the Main Event are eligible to play in this event for two (2) consecutive years. Consolation First, Second, Third and Fourth eligible for one year.

CHANGE:

Remove Consolation First, Second, Third and Fourth eligible for one year.

RATIONALE:

When I finish fourth in consolation, or anywhere in consolation I don't consider myself a champion.

Consolation was included a few years ago to increase participation of this tournament.

The TOC is a prestigious and traditional tournament and now, by including consolation we are in contradiction of the title of this event.

Should we change the title of this tournament???? I think not.

The TOC has been in existence long before any of us have played shuffleboard and should continue so. If we are to increase entries we might look at different avenues, but in the mean time, remove consolation players as in the past.

Article 9(a) 2 and
Article 9(b)2

Add to the end of the subject paragraphs:

"Regardless of the foregoing provisions, no points or fraction thereof shall be awarded to any player who fails to win at least one match during the tournament."

Rationale: In a recent amateur state tournament where there were only 7 registered teams, a team lost every match they played during the tournament and finished third in consolation. Under the current rule each player on the team was awarded 0.5 move-up points. To make the situation worse, the half point elevated one of the players to Pro status. That should never happen and this amendment would prevent it from happening once the rule change takes effect.

C-20c, Article 12

No player shall shoot a disc which, in the judgment of the assigned Tournament Director, Assistant Tournament Director or Referee, is sufficiently hard as to pose a danger to the well being of spectators or other players.
PENALTY: 10 OFF. Since this is a judgment call, there can be no appeal.

Article 12, paragraph 3 to be removed in its entirety.

Rationale: The original C-20c has been held in abeyance for longer than I have been involved in organized shuffleboard, yet remains one of the hottest issues in our sport. In 2011, the FSA board put a policy in place that is very similar to the above rule, but it is still widely unknown or ignored. I believe that it is time to make it an official rule to give it the weight and attention it deserves.

If passed, Article 12, paragraph 3, would be redundant and could be removed.

Existing Rule: ART 4 (a) SCHEDULING OF TOURNAMENTS

Change: A new paragraph to be added at the end of section (a)

Any clubs hosting a state tournament shall be responsible for the following:

- 1- Seasoned discs
- 2- Swept courts that are mold free
- 3- Clean benches that are mold free
- 4- Lunch area
- 5- Members to wax discs
- 6- Members to sweep and bead courts

Clubs that do not comply are subject to losing that tournament as directed by the voting body of the FSA.

Rationale: Clubs hosting a State tournament should comply with this rule, these are not outrageous requirements. Players coming from near and far should have these minimal requirements. Clubs not having enough help and interest should voluntary give their tournament to another club that can maintain these standards.

Having a rule in the Preview would make all clubs aware that if these guidelines are not followed, there could be consequences. This proposal is on the floor for all the voting body to review. If you would like to modify any or all of it I would appreciate your input with suggestions and corrections

EXISTING RULE...C - PLAYING RULES

7. In Doubles, and non-walking singles, players must remain seated when play is to their end of the court until the last disc has been shot and comes to rest. PENALTY: 5-Off except players can remove dead disks within 8" of baseline, judge disks and retrieve dead disks that have gone onto other courts. In Walking singles, a player must not cross the baseline to proceed to the other end of the court until all discs are shot and stopped. PENALTY: 5-Off.

Change: To be added:

Players may remove dead discs from gutters.

Rationale:

Many discs become airborne when coming off a court, striking the top of a dead disc in the gutter and going onto another court hitting a live disc and sometimes worse, by striking a player. Our rules do not permit us to remove such dead discs. In allowing the removal of these discs we may prevent undo injuries.

No one wants to hurt anyone or be penalized for hitting discs on adjacent courts

Art 7 a

Add after(or may group all bye or (sub bracket) players together) IN DISTRICT TOURNAMENTS ONLY, Rationale: Having four teams in one bracket and eight in another is inherently unfair. Teams in the small bracket have a 50% chance of placing, one in the main and one in consolation, while the teams in the larger have a 25% chance of coming in. Also, percentages show that the larger the bracket the more likelihood of their being more better teams thus lowering the chance of coming in. I believe that percentages would show that rather than speed up a tournament it will slow it down, as a bracket with 4 teams will play four matches or from 8 to 12 games depending on how many three game matches there are, while an 8 team bracket will play 10 matches or from 20 to 30 games. It is the three game matches that slow up a tournament and the larger the bracket the more likelihood there is of more 3 game matches. If a District chooses to do this so be it but not at the State level where players are traveling long distances, spending large sums of money and are trying to achieve certain goals. They should be playing on a level field which the standard format was.
