CURRENT:

Rule C.4 - Players shall place their four (4) discs within and not touching lines of their respective half of the 10-Off area. PENALTY: 5-Off. The penalty is not applied to a player until he/she has played a shot.

CHANGE:

Rule C.4 - Players shall place their four (4) discs within ~~and not touching lines of~~ their respective half of the 10-Off area. PENALTY: 5-Off. The penalty is not applied to a player until he/she has played a shot.

REASON:

The deleted section is unnecessary. The mere fact that a non-shooting disc is touching a line cannot affect the outcome of a frame. The only way in which it can affect a game is if the penalty for this irrelevant rule is applied. Shooting discs touching lines are governed by Rules C4 (a) and (b) and would not be affected by this change.
